Homework #1

due: Tuesday, September 19

Please note: there will be no class in the week of September 12. We'll make up for it by having a take-home midterm exam rather than an in-class one and by adding five minutes to each lecture.

There are two websites for the course.
You can reach the first one through my home page at
http://physics.uakron.edu/dept/faculty/jls.htm
It will contain copies of the homework assignments, etc.
The second website is through the library. Go to
http://www.uakron.edu/library/
follow the links to “Gateway to Information”, “Reserve Materials”, “Electronic Reserves”, “Find your course”, “List courses by instructor’s last name”, “Luettmer-Strathmann”, “Quantum Mechanics I”.
You will be asked for a password, it is quantum
On the left is a button to “Bulletin Board”, follow it to sign up for a homework problem.

1. Shankar 1.3.4*
2. Shankar 1.6.2*
3. Shankar 1.6.3*
4. Shankar 1.7.1*
5. Shankar 1.8.3*
